Suport de bicicleta montat pe perete – confort si organizare eficienta Bici­cleta asezata pe podea ocupa spatiu pretios in garaj, subsol sau hol, ingreunand deplasarea si perturband estetica? Suportul de bicicleta este o optiune eficienta pentru organizarea spatiului si eliberarea podelei, oferind acces convenabil la bicicleta, casca si alte accesorii, fara a crea dezordine. Caracteristici principale ale suportului de bicicleta montat pe perete: Depozitare verticala si orizontala a bicicletelor Brate pliabile si reglabile Constructie durabila din otel acoperit cu pulbere Capacitate maxima de incarcare de 40 kg (30 kg pentru bicicleta si 5 kg pentru fiecare accesoriu) Potrivit pentru roti de 20-29 si anvelope de 1,8 (pana la 45 mm) Montare simpla pe perete – suruburi si dibluri incluse Sistem modular si extensibil Constructie robusta din otel a suportului pentru biciclete Cadrul din otel acoperit cu pulbere garanteaza rezistenta la deteriorare si coroziune. Suportul de perete durabil are carlige pentru biciclete si accesorii, astfel incat tot echipamentul necesar pentru o plimbare se afla intr-un

singur loc. Cu o capacitate de incarcare de pana la 30 kg, poate suporta orice model de bicicleta (de oras, MTB si gravel). Suportul este compatibil cu roti de la 20 la 29 si anvelope cu latimea de pana la 45 mm (1,8). Doua moduri de a va depozita bicicleta Puteti agata bicicleta vertical sau orizontal pe suportul de perete. Alegeti solutia care se potriveste cel mai bine amenajarii camerei dvs., economisind spatiu si oferindu-va acces rapid la bicicleta. Nu trebuie sa mutati alte lucruri pentru a ajunge la bicicleta – aceasta este intotdeauna la indemana si gata de utilizare in orice moment. Setari flexibile ale suportului pentru biciclete Unghiul de suspendare reglabil (0° , $\pm 30^\circ$ si $\pm 60^\circ$) va permite sa pozitionati bicicleta mai aproape de perete sau la un unghi mai mare. Cand sunt pliate, bratele se aseaza plat pe perete si nu ocupa spatiu, iar cand sunt desfacute, puteti agata si scoate bicicleta ergonomic cu o singura mana. Capacele de protectie de la capetele manerului protejeaza cadrul si rotile de deteriorare in timpul utilizarii zilnice. Instalare usoara a suportului pentru biciclete Sistemul standard de montare pe perete cu suruburi si dibluri (incluse in set) face agatarea suportului foarte usoara. Suportul adera bine la suprafete din beton, caramida si lemn. Designul modular si posibilitatea de a conecta sine va permit sa extindeti suportul cu carlige suplimentare pentru a acomoda mai multe accesorii si a organiza mai bine camera.
